

BS ISO 11706:2012

BSI Standards Publication

Carbonaceous materials for the production of aluminium — Prebaked anodes — Determination of the fracture energy

National foreword

This British Standard is the UK implementation of ISO 11706:2012.

The UK participation in its preparation was entrusted to Technical Committee CII/24, Raw materials for the aluminium industry.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
