Tractors and machinery for agriculture and forestry - Serial control and communications data network

Part 1: General standard for mobile data communication

National foreword

This British Standard is the UK implementation of ISO 11783-1:2017. It supersedes BS ISO 11783-1:2007, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AGE/6, Agricultural tractors and forestry machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
