Interior air of road vehicles

Part 4: Method for the determination of the emissions of volatile organic compounds from vehicle interior parts and materials — Small chamber method

National foreword

This British Standard is the UK implementation of ISO 12219-4:2013.

The UK participation in its preparation was entrusted to Technical Committee EH/2/5, Emissions to internal environments.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
