BSI Standards Publication

Skin barrier for ostomy aids — Test methods

Part 1: Size, surface pH and water-
absorbency

National foreword

This British Standard is the UK implementation of ISO 12505-1:2014.

The UK participation in its preparation was entrusted to Technical Committee CH/173/-/3, Aids for ostomy and incontinence.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
