BSI Standards Publication

Earth-moving machinery — Lighting, signalling and marking lights, and reflex- reflector devices

National foreword

This British Standard is the UK implementation of ISO 12509:2004. It supersedes BS 6912-21:1996 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee B/513, Construction equipment and plant and site safety, to Subcommittee B/513/1, Earth moving machinery (International).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
