Electronic imaging — Test target for scanning of office documents

Part 3: Test target for use in lower resolution applications

National foreword

This British Standard is the UK implementation of ISO 12653-3:2014.

The UK participation in its preparation was entrusted to Technical Committee IDT/1, Document Management Applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
