

BS ISO 12828-2:2016

BSI Standards Publication

Validation methods for fire gas analyses

Part 2: Intralaboratory validation of quantification methods

National foreword

This British Standard is the UK implementation of ISO 12828-2:2016.

The UK participation in its preparation was entrusted to Technical Committee FSH/16, Hazards to life from fire.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
