

Health informatics — Electronic health record communication

Part 2: Archetype interchange specification

ICS 35.240.80

National foreword

This British Standard is the UK implementation of ISO 13606-2:2008.

The UK participation in its preparation was entrusted to Technical Committee IST/35, Health informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 December 2008
