Greenhouse gases — Competence requirements for greenhouse gas validation teams and verification teams

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 14066:2011.

The UK participation in its preparation was entrusted to Technical Committee SES/1/7, Greenhouse gas management and related activities.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
