

BSI Standards Publication

**Food irradiation —
Requirements for the
development, validation
and routine control of the
process of irradiation using
ionizing radiation for the
treatment of food**

National foreword

This British Standard is the UK implementation of ISO 14470:2011.

The UK participation in its preparation was entrusted to Technical Committee AW/90, Quality systems for the food industry.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
