Hydrogen fuel — Product specification

Part 3: Proton exchange membrane (PEM) fuel cell applications for stationary appliances

National foreword

This British Standard is the UK implementation of ISO 14687-3:2014.

The UK participation in its preparation was entrusted to Technical Committee PVE/3/8, Gas containers - Hydrogen technologies.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
