

Reaction-to-fire tests — Guidance on the choice of substrates for building and transport products

ICS 13.220.50

National foreword

This British Standard is the UK implementation of ISO 14697:2007. It supersedes BS ISO/TR 14697:1997 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee FSH/21, Reaction to fire tests.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2008
