

Medical devices — Symbols to be used with medical device labels, labelling, and information to be supplied

Part 2: Symbol development, selection and validation

ICS 01.080.20; 11.040.01

National foreword

This British Standard is the UK implementation of ISO 15223-2:2010.

The UK participation in its preparation was entrusted to Technical Committee CH/210/3, General terminology and symbols for Medical Devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 June 2010
