Sustainability in buildings and civil engineering works — General principles

National foreword

This British Standard is the UK implementation of ISO 15392:2019. It supersedes BS ISO 15392:2008, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/558, Sustainability of construction works.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
