Indoor air

Part 28: Determination of odour emissions from
building products using test chambers

National foreword

This British Standard is the UK implementation of [ISO 16000-28:2020](#). It supersedes [BS ISO 16000-28:2012](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/2/5, Emissions to internal environments.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
