

Methods for the calibration of vibration and shock transducers —

Part 15: Primary angular vibration calibration by laser interferometry

ICS 17.160

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 16063-15:2006.

The UK participation in its preparation was entrusted by Technical Committee GME/21, Mechanical vibration, shock and condition monitoring, to Subcommittee GME/21/2, Vibration and shock measuring instruments and testing equipment.

A list of organizations represented on GME/21/2 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 September 2006
