

BSI Standards Publication

Balancing of rotating tools and tool systems

National foreword

This British Standard is the UK implementation of ISO 16084:2017.

The UK participation in its preparation was entrusted to Technical Committee MTE/18, Tools tips and inserts for cutting applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
