

BSI Standards Publication

Information and documentation — Processes and functional requirements for software for managing records

Part 1: Functional requirements and associated guidance
for any applications that manage digital records

National foreword

This British Standard is the UK implementation of ISO 16175-1:2020.

The UK participation in its preparation was entrusted to Technical Committee IDT/2/17, Archives/records management.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
