

Metallic and other inorganic coatings — Autocatalytic nickel over autocatalytic copper for electromagnetic shielding

ICS 25.220.40

National foreword

This British Standard is the UK implementation of ISO 17334:2008.

The UK participation in its preparation was entrusted to Technical Committee STI/33, Electrodeposited and related coatings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 January 2009
