

BS ISO 17761:2015

BSI Standards Publication

Space environment (natural and artificial) — Model of high energy radiation at low altitudes (300 km to 600 km)

National foreword

This British Standard is the UK implementation of ISO 17761:2015.

The UK participation in its preparation was entrusted to Technical Committee ACE/68, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
