

BSI Standards Publication

Hydrometry — Measurement of liquid flow in open channels — Determination of the stage–discharge relationship

National foreword

This British Standard is the UK implementation of ISO 18320:2020.

The UK participation in its preparation was entrusted to Technical Committee CPI/113/1, Hydrometric methods and instrumentation.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
