

BSI Standards Publication

Building environment design — Design, test methods and control of hydronic radiant heating and cooling panel systems

Part 4: Control of ceiling mounted radiant heating and cooling panels

National foreword

This British Standard is the UK implementation of ISO 18566-4:2017.

The UK participation in its preparation was entrusted to Technical Committee RHE/2, Ventilation for buildings, heating and hot water services.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
