Textile glass — Determination of combustible-matter content

National foreword

This British Standard is the UK implementation of ISO 1887:2014. It supersedes BS ISO 1887:1995 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/42, Fibre reinforced thermosetting plastics and preregs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
