

BSI Standards Publication

Pneumatic fluid power — Test methods for measuring acoustic emission pressure levels of exhaust silencers

National foreword

This British Standard is the UK implementation of ISO 20145:2019.

The UK participation in its preparation was entrusted to Technical Committee MCE/18/-/5, Control components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
