Mechanical vibration — Measurement of vibration on ships

Part 5: Guidelines for measurement,
evaluation and reporting of vibration with
regard to habitability on passenger and
merchant ships

National foreword

This British Standard is the UK implementation of ISO 20283-5:2016. It supersedes BS ISO 6954:2000 which is now withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GME/21/5, Vibration of machines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
