performing cytogenetic
triage for assessment
of mass casualties
in radiological or
nuclear emergencies —
General principles and
application to dicentric
assay**

ICS 13.280; 27.120.20

National foreword

This British Standard is the UK implementation of ISO 21243:2008.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 September 2008
