

BSI Standards Publication

Mobile elevating work platforms — Operator's controls — Actuation, displacement, location and method of operation

National foreword

This British Standard is the UK implementation of ISO 21455:2020.

The UK participation in its preparation was entrusted to Technical Committee MHE/12/1, Lifting Platforms - Mobile elevating work platforms.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
