

Space systems — Non-flight items in flight hardware — Identification and control

ICS 49.140

National foreword

This British Standard is the UK implementation of ISO 22108:2008.

The UK participation in its preparation was entrusted to Technical Committee ACE/68/-/3, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2009
