Textiles — Determination of index ingredient from coloured textiles

Part 1: Madder

National foreword

This British Standard is the UK implementation of [ISO 22195-1:2020](#).

The UK participation in its preparation was entrusted to Technical Committee TCI/80, Chemical testing of textiles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
