

BSI Standards Publication

**Corrosion of metals and alloys —
Electrochemical measurement of ion
transfer resistance to characterize the
protective rust layer on weathering steel**

National foreword

This British Standard is the UK implementation of [ISO 22410:2020](#).

The UK participation in its preparation was entrusted to Technical Committee ISE/NFE/8, Corrosion of metals and alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
