

BSI Standards Publication

**Carbon-fibre-reinforced composites —
Determination of fibre weight content
by thermogravimetry (TG)**

National foreword

This British Standard is the UK implementation of ISO 22821:2021.

The UK participation in its preparation was entrusted to Technical Committee PRI/42, Fibre reinforced thermosetting plastics and prepregs.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
