

Titanium and titanium alloys — Determination of oxygen — Infrared method after fusion under inert gas

ICS 77.120.50

National foreword

This British Standard is the UK implementation of ISO 22963:2008.

The UK participation in its preparation was entrusted to Technical Committee NFE/35, Light metals and their alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 May 2008
