Solar energy — Collector components and materials

Part 5: Insulation material durability and performance

National foreword

This British Standard is the UK implementation of [ISO 22975-5:2019](#).

The UK participation in its preparation was entrusted to Technical Committee RHE/25, Solar Heating.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
