Tips for assistive products for walking — Requirements and test methods

Part 2: Durability of tips for crutches

National foreword

This British Standard is the UK implementation of ISO 24415-2:2011.

The UK participation in its preparation was entrusted to Technical Committee CH/173, Assistive products for persons with disability.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
