

BSI Standards Publication

Guidelines for the management of assets of water supply and wastewater systems

Part 2: Waterworks

National foreword

This British Standard is the UK implementation of ISO 24516-2:2019.

The UK participation in its preparation was entrusted to Technical Committee CB/503, Drinking water and wastewater service levels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
