

BSI Standards Publication

Language resource management — Component metadata infrastructure (CMDI)

Part 2: Component metadata specification language

National foreword

This British Standard is the UK implementation of ISO 24622-2:2019.

The UK participation in its preparation was entrusted to Technical Committee TS/1, Terminology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
