

Space systems — Electromagnetic interference (EMI) test reporting requirements

ICS 49.140

National foreword

This British Standard is the UK implementation of ISO 24637:2009.

The UK participation in its preparation was entrusted to Technical Committee ACE/68/-/1, Space systems and operations - Engineering Design production.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 April 2009
