

Intelligent transport systems — Communications access for land mobiles (CALM) — General requirements for using public networks

ICS 03.220.01; 35.240.60

National foreword

This British Standard is the UK implementation of ISO 25111:2009.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Road transport informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 April 2010
