Carbon dioxide capture

Part 1: Performance evaluation methods for post-combustion
CO₂ capture integrated with a power plant

National foreword

This British Standard is the UK implementation of ISO 27919-1:2018.

The UK participation in its preparation was entrusted to Technical Committee PSE/265, Carbon Capture Transportation and Storage.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
