The UK participation in its preparation was entrusted by Technical Committee IDT/1, Document imaging applications, to subcommittee IDT/1/2, Application issues, which has the responsibility to:

- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.
