

BSI Standards Publication

Indexable hardmetal (carbide) inserts with rounded corners, with cylindrical fixing hole - Dimensions

National foreword

This British Standard is the UK implementation of ISO 3364:2017. It supersedes BS ISO 3364:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MTE/18, Tools tips and inserts for cutting applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
