Road vehicles — Multi-core connecting cables

Part 1: Test methods and requirements for basic performance sheathed cables

National foreword

This British Standard is the UK implementation of [ISO 4141-1:2019](#). It supersedes [BS ISO 4141-1:2005](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AUE/32, Electrical and electronic components and general system aspects (Road vehicles).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
