Hydraulic fluid power — Fluids — Method for coding the level of contamination by solid particles

National foreword

This British Standard is the UK implementation of ISO 4406:2021. It supersedes BS ISO 4406:2017, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/18/-/6, Contamination control.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
