

Hydraulic fluid power — Valves — Determination of pressure differential/ flow characteristics

ICS 23.100.50

National foreword

This British Standard is the UK implementation of ISO 4411:2008.

The UK participation in its preparation was entrusted to Technical Committee MCE/18/-/5, Control components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 October 2008
