Methods of test for full-flow lubricating oil filters for internal combustion engines

Part 14: Cold start simulation and hydraulic pulse durability for composite filter housings

National foreword

This British Standard is the UK implementation of ISO 4548-14:2016.

The UK participation in its preparation was entrusted to Technical Committee MCE/21/6, Filters for volatile liquid fuels and lubricating oils.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
