

BSI Standards Publication

**Energy management systems — Guidance for
implementing a common energy management
system in multiple organizations**

National foreword

This British Standard is the UK implementation of [ISO 50009:2021](#).

The UK participation in its preparation was entrusted to Technical Committee SEM/1, Energy Management.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
