

BSI Standards Publication

Ferromanganese — Specification and conditions of delivery

National foreword

This British Standard is the UK implementation of ISO 5446:2017.

The UK participation in its preparation was entrusted to Technical Committee ISE/102, Methods of Chemical Analysis for Iron and Steel.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
