Equipment for crop protection — Spraying equipment

Part 2: Test methods to assess the horizontal transverse
distribution for hydraulic sprayers

National foreword

This British Standard is the UK implementation of ISO 5682-2:2017. It supersedes BS 6356-14:1997, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AGE/15, Equipment for crop protection and application of liquid fertilizer.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
