Self-propelled machinery for forestry — Laboratory tests and performance requirements for roll-over protective structures

Part 2: Machines having a rotating platform with a cab and boom on the platform

National foreword

This British Standard is the UK implementation of ISO 8082-2:2011.

The UK participation in its preparation was entrusted to Technical Committee AGE/29, Forestry machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
