

Wind turbines —

Part 4 : Design and specification of gearboxes

ICS 21.200; 27.180

National foreword

This British Standard is the UK implementation of ISO 81400-4:2005, incorporating corrigendum December 2005.

NOTE ISO corrigendum December 2005 replaces the last two paragraphs of the ISO foreword.

The UK participation in its preparation was entrusted to Technical Committee MCE/5, Gears.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 May 2008
